## Documentation

### Agenda:

1. This document is a self service guide to onboard a new tenant (society/community) to the application <https://covid.azurewebsites.net/>.
2. Register admin(s) to the tenant who will regularly update the covid count in their society/community.

### Outcome:

1. A dedicated tenant for your society/committee members will be created.  
<https://covid.azurewebsites.net/<society/committeename>>
2. Admin can login with <https://covid.azurewebsites.net/admin.php> to add cases in the tenant.

### Process:

1. Visit <https://covid.azurewebsites.net/onboard.php> and create a tenant by entering your State, City, and Society name.

## Onboard:

**Note:** Society Name should not have spaces and hence spaces are disabled.

Eg: If your society name is Costa Rica, then enter costarica.
